

RACIAL PLEA IS AMENDED.

Action Is Taken in Bluford Suit Against M. U.

(By the Associated Press.)

JEFFERSON CITY, April 16.—Miss Lucille Bluford, Kansas City Negro, charged in an amended complaint to her \$20,000 damage suit against S. W. Canada, registrar of the University of Missouri, today that she had been unable to obtain instruction she desired at Lincoln university here and that Canada's refusal to allow her to register for graduate work in journalism was a violation of her civil rights.

Judge John Caskie Collet ruled recently Miss Bluford's complaint would have to be amended to show that she had been refused admittance to Lincoln university before he could rule properly on a motion to dismiss, filed by Canada's attorneys. That motion still is pending.
